#### Membership of the forum

Our current membership total is 457 with 3615 members naming our forum as their first choice.

Membership numbers have noteen monitored over the course of the year by the steering committee. It is proposed that this is a standing agenda on our monthly meetings going into 2023.

This year, the forum has had a newly appointed chair. Unfortunately, early in year the  $uu]\check{s}\check{s} \oplus \mu \check{s} \check{d} \otimes \& w \otimes \& uu]\check{s} \check{s} \oplus \& uu \oplus \& e^{-1} \oplus \oplus & e^{-1} \oplus \& e^{$ 

As we look forward to a new yearwe had 3 vacancies and a total of 3 applications. Where pleased to have recruited 2ew members to the committee and reelected a current committee member. We will have a small window where we are not be at full establishment due to maternity leave but anticipate a return in April 2023.

Our committee has representation from various areads in England but unfortunately is not fully representative of the 4 ountries However, we have developed key contacts in Northern Ireland, Scotland and Wales and do connect to these people as needed. We have clinicians, managers, staff working in the NSH in hospices and within private sectors and in our recent recruitment we are pleased to once again havecturer joining our committee. We are also fortunate to have an RCN learning rep in our committee.

#### Reflectionson 2022: (Outputs and outcomes)

Following from our strategy day in February 2022, the following ectives were set

- x To build our extended network
- x d } OE ] šZ ‰ OE-}(]OE [}(ZZ } u

- x Continue to engage with the National PEWS (SPOT) project
- x Launch and grow our clinical resources, buildipg portfolio of case studies
- x To plan for congress involvement, this year and next year

With such a small committeer most of the year, at times it has felt that very little has been achieved. However, the opportunity to reflect in writing our achievets over the last year has shown greatly what has been done.

Objective	<u>Update</u>
To build our extended network	The forum participated inthe world café event held at Congress 2022 to gi

### Contribution to Consultations Policydevelopment

Earlier in 2022 the committee took the decision to archive the Zheeting health needs of children and young people in community settings publica **[imps** we acknowledged that he appendix which included a list of what tasks could and could not be delegated was causing difficulties in practice for practitioners rather than being helpful and was considered no longer fit for purpose
