We have been clear that any proposals to replace a DB scheme with a DC scheme will be unacceptable. We have also been clear that, given that any proposals made by the Policy and Resources Committee can be amended on the floor of the States, this process is like opening a

is dear from the recent amendment to reduce employer contributions to 0% for a period.

The Union will continue to oppose these changes and impress on the Policy and Resources Committee the dangers of adopting such proposals. We will keep members informed as the talks continue.
